Hello,

Welcome to the first newsletter of the Klinghardt Academy of Neurobiology. So much has happened since August when I sent out an email announcing the resurrection of the American Academy of Neural Therapy under its new name. Here is a recap of what has happened in the last 3 months:

- A new website was created, www.klinghardtneurobiology.com. It can now also be accessed as www.klinghardt.org. Email addresses are info@klinghardtneurobiology.com and info@klinghardt.org.
- We held two packed seminars this fall taught by Dr. Klinghardt, Neural Therapy & Mesotherapy and a Family Constellation training seminar. We have **one more seminar for 2008**: Family Constellation Seminar: The Heart of Healing which will be held in Vancouver, BC on November 29-30, 2008 and is sponsored by Todd Brooks. For information and to register: www.klinghardtneurobiology.com/HOH2008.pdf
- Our next big seminar, **Chemical and Heavy Metal Toxicity 2009**, will be held on Feb. 27-Mar.1, 2009 and we expect it to be sold out by the end of the year.

Sign up by December 15 and you will receive a **\$100 discount** off the price. The Hyatt Regency in Bellevue, WA is hosting us and has special room rates available for us until Feb. 1, 2009. Plan to attend, and reserve a place for yourself and your colleagues ASAP. You can sign up online at www.klinghardt.org, or by calling (303) 499-4700. For more information, <http://www.klinghardtneurobiology.com/2009schedule.pdf>.

Dr. Klinghardt has not offered this seminar since 2004 and much has changed. In addition to Dr. Klinghardt, one of our featured speakers will be **Boyd Haley, inventor of the new product OSR**, which is a safe and non-toxic nutritional supplement that dramatically reduces oxidative stress by significantly increasing glutathione in its "reduced form" called GSH. The increased amount of GSH, or reduced glutathione, allows the body to scavenge harmful free radicals and restore its own detoxifying mechanisms. OSR is a unique supplement for restoring and maintaining good health from exposure to pollutants, toxins and heavy metals and other sources that produce dangerous free radicals causing numerous harmful conditions in the body.

- We are offering a NEW 4-DVD set: **Protocols for Patients & Practitioners: Fundamental Teachings of Dietrich Klinghardt, MD, Ph.D.** If you are a patient, a practitioner or anyone struggling with a chronic illness, this is the DVD set you have been waiting for. This DVD set is the gift of Dietrich Klinghardt to the many people who are suffering needlessly from chronic illness. It focuses on the deeper issues of illness, and most importantly it focuses on the solutions. Take a journey through the work of Dietrich Klinghardt, MD, Ph.D. Deeply understand the contributing causes to chronic illness and what to do about them. Explore the problems and the solutions.

Travel step-by-step through: The Five Levels of Healing, Chemical and Heavy Metal Toxicity and its treatment, Lyme disease and other chronic illnesses and their treatment, treatment of EMF sensitivity, and more. Learn about protocols that are tried and true. Learn how to combine biological treatment and energetic treatments with simple, effective mental field treatments. We are pre-selling the DVD's at \$105 per set, with a 10% discount for purchases of 10 or more.

- Dr. Klinghardt was interviewed by Joseph Mercola, DO (www.mercola.com), and by Mark Schauss, author of *Achieving Victory Over a Toxic World*. The recording of the interview with Mark Schauss will be posted on our website soon.
- Our **referral list** has been brought up to date, and I am actively referring people to it. If you are a practitioner and would like to be on the list, please contact me with your credentials and the list of courses taught by Dr. Klinghardt that you have taken. To access the referral list, www.klinghardtneurobiology.com/referrals.pdf.
- A **catalog** has been created, available on the website, describing all of the courses that Dr. Klinghardt teaches as well as describing the seminar materials (DVDs and manuals) and products (ART supplies such as signal enhancers, polarization filters, slides, test kits, etc.) that we offer to the ART practitioner. www.klinghardtneurobiology.com/catalogfall2008.pdf
- It is now possible to **sign up for seminars and purchase ART materials, DVDs and manuals on the website**. Also, watch for a special sales section. Right now we have on sale older VHS versions of seminars, as well as reprints of articles written by Dr. Klinghardt. <http://stores.homestead.com/klinghardt>
- It is now also possible to **sign up on our website for our mailing list** and to receive our newsletters via email. We have been working to include the names of practitioners who were with us in the early years into our database today. If it's been a few years since you attended a seminar that Dietrich is teaching, so much has been updated that it is a great idea to come back and attend again! www.klinghardtneurobiology.com/form.htm.

In the following articles, you can read about our plans for 2009, and perhaps see how you can fit into those plans.

Summer 2009 Retreat for Practitioners of ART, APN and Neural Therapy

For the first time since Dr. Klinghardt offered summer retreats at Hollyhock in the early 2000's, we are offering a summer retreat in Shoreline, North Seattle, August 3-8, 2009. Twenty-five seasoned practitioners of ART, APT and Neural Therapy may attend. This is a 6-day retreat where practitioners will have an opportunity for in-depth learning, experiencing and apprenticing. Areas to be covered include ART, APN, Neural Therapy and Matrix Therapy. This is an opportunity that is not to be missed.

Fee for the week is \$1500, with an early bird special (before April 15) of \$1350. The fee does not include room and board. We are renting a big house with space to stay for the first five practitioners who sign up. Others will be able to stay in facilities nearby. If you are interested in attending, please contact me at eve@klinghardt.org or by calling (303) 499-4700. Since only 25 practitioners may attend, this retreat will fill quickly.

Publishing Dr. Klinghardt's Book

Plans are under way for Dietrich's long awaited book on the **Five Levels of Healing** to be published. Editors are working with it now and we are actively looking for an agent who can help us present the book to the major publishing houses. If anyone knows such an agent, please contact Eve at (303) 499-4700 or email eve@klinghardt.org.

Academy Library

The website of the Klinghardt Academy of Neurobiology contains a library of the works of Dietrich Klinghardt, MD, Ph.D. The library is constantly being updated. Please check the library periodically for new articles and presentations and updated articles and presentations. Please remember when you access the library that all material is copyrighted and may be used only with the permission of the Klinghardt Academy of Neurobiology. Please contact (303) 499-4700 if you wish to use any of our materials.

Dr. Klinghardt will also be writing a series of articles this year for various publications. In the near-term, watch for his articles in the **Townsend Letter for Doctors and Patients**, and in **Explore Magazine**. Topics include Neurotoxin Elimination, Lyme Protocols and Electro-Smog and its effect on health.

DVDs for Patients and Practitioners

In response to huge demand, by mid-December 2008 we will have, ready for sale, a 4-DVD set, **Protocols for Patients & Practitioners: Fundamental Teachings of Dietrich Klinghardt, MD, Ph.D.** specifically geared towards patient, practitioners or anyone struggling with a chronic illness. It focuses on the deeper issues of illness, and most importantly it focuses on the solutions.

The DVDs will cover all kinds of information that people who contact us about Dr. Klinghardt's work are hungry to know. In this 4 DVD set, Dietrich will be describing his protocols, background information, heavy metal detoxification, microbes, chronic illness, immune enhancement, the Five Levels of Healing, EMFs, Electro-Smog and their relation to health, Mental Field Therapy, Hellinger family constellation therapy and so on.

Not only will these DVDs answer a tremendous need for patients and the general public, they will also help practitioners who use Dietrich's methods in their practice to educate their patients and they will help practitioners by deepening their understanding and the newest teachings of the work of Dietrich Klinghardt. So in addition to the interested general public, we are encouraging practitioners to buy these in volume and either sell or offer them to their patients.

The pre-sale price for the 4-DVD set is \$105. Place your orders now. You may place your orders on line at www.klinghardt.org, or by calling (303) 499-4700. There is a 10% discount for orders of more than 10 DVD sets at one time.

2009 Calendar

The 2009 calendar has been posted on the website, www.klinghardtneurobiology.com, or www.klinghardt.org.

Highlights:

We are offering 3 ART I classes in 2009, two in Bellevue, WA and one in New York City. They will be taught by Andreanna Rainville, RN. We are also offering ART II and ART III in 2009, taught by Dietrich Klinghardt, MD, Ph.D.

This is a wonderful way to perfect your ART skills. If you sign up for more than one ART I class, you will receive a \$200 discount off the second class. And if you sign up at the same time for ART I, ART II and ART III all in 2009, the fee for all three classes is \$1000 (this is a steal of a deal - last year ART III alone was offered for \$800).

We are offering two major seminars with guest speakers in 2009. On February 27-March 1, 2009 we are offering Chemical and Heavy Metal Toxicity, and Lyme and Chronic Illnesses will be offered on October 9-11, 2009. The next Healing the Brain seminar will be held on February 26-28, 2010. **PLEASE RESERVE THOSE DATES!** All seminars will be held at the Hyatt Regency in Bellevue, WA (Seattle area). The hotel is being very generous

with accommodation rates for rooms (\$129/night) and is giving us huge, comfortable rooms with classroom seating. Please check the website for more information and to sign up (remember the early bird deadline for the Chemical and Heavy Metal Toxicity Seminar is Dec. 15, 2008 - sign up now and save \$100).

We are offering a series of **4 constellation seminars**, both for practitioners and the general public. The first one, on Jan. 31-Feb1, will be held in Bellevue, WA, the second one on April 3-5, hosted by Kashi Rai, MD, will be held in New Orleans, the third one on August 21-23 and the fourth one Dec 5-6, at locations to be determined.

For the first time in a number of years, **Neural Therapy B will be offered this year** on April 15-17, with a Neural Therapy A refresher course in the morning. We encourage all of you who have taken Neural Therapy & Mesotherapy A over the past few years to sign up for Neural Therapy B. Neural Therapy B focuses deeply on the autonomic nervous system and its ganglia.

If you have not taken Neural Therapy A and would like to attend Neural Therapy B, you can do so by attending the Neural Therapy A refresher course in the morning, and by purchasing and watching the Neural Therapy A DVD set and reading the manual.

For the first time in a number of years, we will be offering **APN II in 2009**: Advanced Energy Psychology Techniques, October 9-11, 2009. This class pulls together all of the APN techniques Dr. Klinghardt teaches, Mental Field Therapy, Hellinger Family Constellation Therapy, ART (table work with eye movements, colored glasses, etc.) and Psycho-Kinesiology (PK). If you have taken any of these classes individually, it's time to take this class and learn how to pull it all together. A Mental Field Therapy refresher course will be taught in the morning prior to the start of the APN II workshop.

Matrix Therapy will be offered on December 11-13, 2009 in Bellevue, WA and will include a segment on Neural Therapy without Needles.

Dr. Klinghardt will be speaking at seminars during the year. These include the International Integrative Medicine Conference in Rio de Janeiro, Brazil on March 28-29, the American College for Advancement in Medicine (ACAM) in San Diego, April 29-30, the World Conference for Integrated Medicines May 28-31 where he is the keynote speaker, the 27th Annual International Symposium on Man and His Environment on June 25-28 in Dallas, TX, the Lyme-Autism Connection Conference in Phoenix AZ on June 26-29 and Boulderfest, Boulder, CO on July 16-19.

Come visit us at those seminars. BioTools (www.biotoolsforwellness.com), Biopure (www.biopureus.com) and the Academy (www.klinghardt.org) will have exhibit booths at most of those seminars.

I look forward to seeing you at a seminar. I am always open for suggestions. You can reach me at eve@klinghardt.org, or eveacademy@comcast.net. The office telephone number is (303) 499-4700.

Thanks for all your help and support.
